Letter from the Chairmen

The practicing hematologist/oncologist is faced with a challenge distinct from other oncology subspecialists. The disease classifications and therapeutic segments for hematologic malignancies are numerous and complicated. Although rare in and of themselves, the total of these diseases is similar to the total number of patients with colon and breast cancer combined.

Fortunately, molecularly targeted therapies have recently emerged creating a revolution in cancer pharmacotherapy. Among the emerging therapeutic strategies, passive and active immunotherapies, small molecule apoptotic inducers and kinase inhibitors are in the forefront. Events such as Leukemia 2008 provide a forum for practitioners, researchers and experts to share in the development of these exciting opportunities in an effort to improve outcomes for patients.

More than 500 hematology/oncology specialists from around the world will gather at Leukemia 2008. Participants in this meeting will have a unique opportunity to meet with colleagues and exchange ideas in a friendly and congenial environment, and to participate in a number of educational formats including general sessions, satellite symposia, meet-the-professor sessions, patient case presentations and informal exchange during a variety of gatherings. Topics will cover the latest in advances in leukemia, lymphoma, myeloma, myeloproliferative disorders, cancer-related infectious diseases and others.

We look forward to an exciting conference and would like to extend a special thank you to the participants, our guest faculty, the pharmaceutical industry and the attendees for making this event possible.

Emil J. Freireich, MD
Professor of Medicine
Department of Leukemia
The University of Texas
M. D. Anderson Cancer Center

Hagop Kantarjian, MD
Professor & Chairman

Michael J. Keating, MB, BS
Professor of Medicine
Department of Leukemia
The University of Texas
M. D. Anderson Cancer Center

Leukemia2008

Continuing Medical Education Information

Mission Statement

The mission of The University of Texas M. D. Anderson Cancer Center is to eliminate cancer in Texas, the nation, and the world through outstanding programs that integrate patient care, research and prevention, and through education for undergraduate and graduate students, trainees, professionals, employees and the public.

Overview

Leukemia 2008 is designed to provide a comprehensive review of the latest developments and emerging issues related to the treatment of patients with hematologic malignancies. Participants will examine the clinical relevance of new data, review approaches that may enhance outcomes for patients and provide information that may accelerate the pace of research against malignancies such as leukemia, lymphoma, multiple myeloma, myelodysplastic syndromes, myeloproliferative disorders, cancer-related infectious diseases and other related topics.

Educational Methods

Meet-the-Professor Sessions, Lectures, Question-and-Answer Sessions, Posters.

Accreditation/Credit Designation

The University of Texas M. D. Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Texas M. D. Anderson Cancer Center designates this educational activity for a maximum of 18.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Leukemia 2008 is an international conference directed toward physicians interested in Hematology/Oncology, Medical Oncology and Internal Medicine.

No specific knowledge other than a basic familiarity with the principles and practice of hematology/oncology is required for successful participation in this program.

Continuing Medical Education Information

Educational Objectives

After attending the conference, participants should be able to:

- Describe some of the latest management approaches for hematologic malignancies including leukemia, lymphoma, multiple myeloma, MDS, MPDs and cancer-related infectious disease;
- Evaluate difficult or unusual problems encountered by the practicing hematologist/oncologist and identify appropriate interventional techniques;
- Discuss issues surrounding the design and conduct of clinical trials that incorporate novel agents and/or regimens for patients with rare malignancies;
- Summarize the latest therapeutic interventions and management techniques in addition to ongoing research in these areas.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA/PRA Category 1 Credit™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a *CME Verification Form*.

Upon request, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

The University of Texas M. D. Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. M. D. Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. M. D. Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, scheduling conflicts, and so forth.

Photographing, audiotaping or videotaping is prohibited.

Leukemia2008

Conference Program

Leukemia 2008 includes Meet-the-Professor Sessions, Satellite Symposia, Poster Presentations and other interactive programs dispersed throughout eight didactic sessions. Topics cover the latest advances in treating CLL, ALL, CML, AML, MDS, multiple myeloma, myeloproliferative disorders, rare leukemias, lymphomas, cancer-related infectious disease, among other cancer topics.

Thursday, September 25, 2008

7:30 am – 8:30 am Continental Breakfast

11:00 am – 7:30 pm Exhibits

Meet the Professor I, II & III

8:00 am New Agents for Lymphoma:
Which Will Make It? Fredrick Hagemester, MD
Meeting Room 328

8:00 am Aggressive Treatment of 'Indolent' Lymphoma -
Then & Now Peter McLaughlin, MD
Meeting Room 329

8:00 am Lymphoma Patient Case Review Fernando Cabanillas, MD
Meeting Room 330

9:00 am Adjourn

Meet the Professor IV, V, VI

9:00 am The Best New Drugs for
MDS & How to Use Them Guillermo Garcia-Manero, MD
Meeting Room 328

9:00 am Optimal Treatment for Patients
with Myeloma Robert Z. Orlowski, MD, PhD
Meeting Room 329

9:00 am Multiple Myeloma Case Review Donna Weber, MD
Meeting Room 330

10:00 am Adjourn

Meet the Professor VII, VIII, IX

10:00 am Leukemia/MDS – Incorporating New
Therapies into Everyday Practice Hagop Kantarjian, MD
Meeting Room 328

10:00 am AML - Patient Case Review Stefan Faderl, MD
Meeting Room 329

10:00 am ALL - Patient Case Review Susan O'Brien, MD
Meeting Room 330

11:00 am Adjourn

(continued on page 5)

Session I: Chronic Lymphocytic Leukemia

Grand Ballroom JK

12:15 pm	Welcome & Introduction	Michael J. Keating, MB, BS
12:30 pm	Watch & Wait - Who and Why? Is Early Treatment Indicated?	Michael Hallek, MD
12:45 pm	Prognostic Factors – Directing Treatment Strategies	William Wierda, MD, PhD
1:00 pm	Chemo-immunotherapy – Transforming Treatment	Michael J. Keating, MB, BS
1:15 pm	New Monoclonal Antibodies – Which Ones?	Susan O’Brien, MD
1:30 pm	Transplants in CLL–Timing and Expectation?	John G. Gribben, MD, DSc
1:45 pm	Flavopiridol and Other CDK Inhibitors	John C. Byrd, MD
2:00 pm	Management of Elderly CLL – Who’s Elderly?	Kanti R. Rai, MD
2:15 pm	Break	
2:45 pm	Familial CLL – Who Should be Concerned?	Neil E. Kay, MD
3:00 pm	Genetics in CLL – A Major Revolution	Carlo M. Croce, MD
3:15 pm	Vaccines & Gene Therapy – A Now Reality	Thomas Kipps, MD, PhD
3:30 pm	T-cell Transfer Therapy for Leukemia	Carl H. June, MD
3:45 pm	Patient Case Presentation with Audience Response System	Emili Montserrat, MD
4:15 pm	Adjourn	
5:00 pm	Independent Satellite Symposium* The Next Generation of Monoclonal Antibodies in CLL and NHL <i>Sponsored by Physician’s Education Resource; supported through an educational grant from GlaxoSmithKline.</i>	
6:00 pm	Poster Viewing & Welcome Reception	Grand Ballroom GHIL

Friday, September 26, 2008

6:30 am – 8:30 am Continental Breakfast

7:00 am – 8:00 am **Independent Satellite Symposium***
Chemotherapy Advances in the Treatment of Chronic Lymphocytic Leukemia
Sponsored by Educational Concepts Group; supported through an educational grant from Cephalon.

8:00 am – 6:00 pm Exhibits

*Please see page 13 for detailed Independent Satellite Symposium information.

(continued on page 6)

Leukemia 2008

Session II: Acute Lymphocytic Leukemia

Grand Ballroom JK

8:00 am	Toward the Cure of Childhood ALL	Ching-Hon Pui, MD
8:15 am	Burkitt Leukemia – Can Prognosis Be Further Improved?	Wendy Stock, MD
8:30 am	Targeting NOTCH1 in T-ALL	Adolfo A. Ferrando, MD, PhD
8:45 am	Transplants – Grounds for Optimism	Anthony Goldstone, FRCR (M)
9:00 am	Ph Positive ALL – Which TKI? Do We Need allo-SCT?	Deborah Thomas, MD
9:15 am	ALL in the Adolescents & Young Adults: What Have We Learned?	Sima Jeha, MD
9:30 am	Break	
10:00 am	T-cell Lymphoblastic Lymphoma and T-cell ALL – A Separate Entity?	Dieter Hoelzer, MD, PhD
10:15 am	What Molecules Influence T-cell Disease?	A. Thomas Look, MD
10:30 am	Discussion/Q & A	
10:45 am	Adjourn	

Session III: Rare Leukemias

Grand Ballroom JK

11:00 am	Large Granular Lymphocytosis – A Persistent Problem	Thomas P. Loughran, Jr., MD
11:15 am	T-cell Prolymphocytic Leukemia	Claire Dearden, MD
11:30 am	New Agents in T-cell Disease	Varsha Gandhi, PhD
11:45 am	Hairy Cell Leukemia – Are We Done with It?	Farhad Ravandi, MD
12:00 pm	Adjourn and Lunch	
12:30 pm	Independent Satellite Symposium* The Shifting Paradigm in the Treatment of Hematologic Malignancies and Disorders <i>Sponsored by Educational Concepts Group; supported through an educational grant from Celgene.</i>	

Session IV: Chronic Myelogenous Leukemia

Grand Ballroom JK

2:00 pm	Tyrosine Kinase Inhibitors – Old & New	Jorge Cortes, MD
2:15 pm	How to Measure Minimal Residual Disease – FISH & PCR	Tim Hughes, MD
2:30 pm	Bcr-Abl Mutations – Identification & Clinical Importance	Moshe Talpaz, MD

*Please see page 13 for detailed Independent Satellite Symposium information.

(continued on page 7)

2:45 pm	Prevention and Management of Blast Crisis	Neil P. Shah, MD, PhD
3:00 pm	Break	
3:30 pm	Current Role of Allogeneic Transplant in CML	Richard Champlin, MD
3:45 pm	Stem Cells in CML – Identification and Research Potential	Michael Deininger, MD, PhD
4:00 pm	Aurora Kinase Inhibitors – An Expanding Role	Elias Jabbour, MD
4:15 pm	Vaccines - Now or Ever?	David A. Scheinberg, MD, PhD
4:30 pm	Discussion/Q & A	
4:45 pm	Adjourn	
6:30 pm	Faculty Dinner	

Saturday, September 27, 2008

6:30 am – 8:30 am	Continental Breakfast	
7:00 am – 8:00 am	Independent Satellite Symposium* Successfully Treating Every AML Patient <i>Sponsored by Educational Concepts Group; supported through an educational grant from Cyclacel.</i>	
8:00 am – 4:00 pm	Exhibits	

Session V: Acute Myelogenous Leukemia/MDS Grand Ballroom JK

8:00 am	Where Does MDS Finish and AML Start?	Stephen D. Nimer, MD
8:15 am	New Agents and New Targets– Which Ones Will Make It?	Guillermo Garcia-Manero, MD
8:30 am	Lenalidomide – A Transforming Therapeutic Agent	Alan F. List, MD
8:45 am	Why is Progress So Slow?	Lewis R. Silverman, MD
9:00 am	Can We Make Transplants Better and Safer?	Sergio Giralto, MD
9:15 am	Can We Get More Out of Cytogenetics?	Detlef Haase, MD, PhD
9:30 am	What is the End Point of Therapy?	Judith E. Karp, MD
9:45 am	Break	
10:15 am	Can We Cure APL Without Chemotherapy?	Elihu Estey, MD
10:30 am	Can We Quantitate Minimum Residual Disease?	Dario Campana, MD, PhD

*Please see page 13 for detailed Independent Satellite Symposium information.

(continued on page 8)

Leukemia2008

10:45 am	Gene Methylation & Acetylations – Clinical & Therapeutic Relevance	Jean-Pierre Issa, MD
11:00 am	Regulation of Hematopoietic Stem Cells	Margaret A. 'Peggy' Goodell, PhD
11:15 am	Getting the Iron Out	Luca Malcovati, MD
11:30 am	Discussion/Q & A	
12:00 pm	Adjourn and Lunch	
12:30 pm	Independent Satellite Symposium* Clinical Challenges in Acute Myelogenous Leukemia <i>Sponsored by Educational Concepts Group; supported through an educational grant from Genzyme.</i>	

Session VI: Biology of Leukemia

Grand Ballroom JK

2:00 pm	Genetics and Epigenetics – A New Level of Complexity	James R. Downing, MD
2:15 pm	Microenvironment and Stroma: Concepts and Facts	Federico Caligaris-Cappio, MD
2:30 pm	MicroRNA Genes – Are They Druggable Targets?	George Calin, MD, PhD
2:45 pm	Resistance – Latent or Induced?	William Plunkett, PhD
3:00 pm	Stem Cells – Ready for Prime Time	Zeev Estrov, MD
3:15 pm	Targets – Keys or Illusions	Michael Andreeff, MD, PhD

Session VII: Myeloproliferative Disorders

Grand Ballroom JK

3:30 pm	WHO Classification – Order Out of Chaos	Ayalew Tefferi, MD
3:45 pm	JAK2 – What Do We Do with It?	William Vainchenker, MD
4:00 pm	JAK2 Inhibitors – A Reality? A Hope?	Srdan Verstovsek, MD

Session VIII: Supportive Care

Grand Ballroom JK

4:15 pm	New Thrombopoietic Growth Factors	David Kuter, MD, PhD
4:30 pm	Fungal Infections in 2008 – How Do We Prevent and Treat Them?	Dimitrios Kontoyiannis, MD
4:45 pm	New and Better Antibiotics – How Do We Use Them?	Kenneth Rolston, MD
5:00 pm	Adjourn	

*Please see page 13 for detailed Independent Satellite Symposium information.

Program Faculty

Conference Chairmen

Hagop Kantarjian, MD

Professor & Chairman
Department of Leukemia
The University of Texas
M. D. Anderson Cancer Center
Houston, Texas

Michael J. Keating, MB, BS

Professor of Medicine
and Internist
Department of Leukemia
The University of Texas
M. D. Anderson Cancer Center

Other Educational and Social Events

Welcome Reception, Exhibits and Poster Sessions

On Thursday, September 25, 2008 from 6:00 - 7:30 pm, we invite you to join us in the Grand Ballroom. This is the perfect opportunity to visit our Exhibition Hall, view and discuss the Poster Sessions and converse with fellow participants. Hors d'oeuvres will be served.

Exhibits

During Leukemia 2008 we encourage you to visit the exhibition hall where numerous industry supporters will be available to you.

Exhibit Hours:

Thursday, September 25 11:00 am - 7:30 pm
Friday, September 26 8:00 am - 6:00 pm
Saturday, September 27 8:00 am - 4:00 pm

Independent Satellite Symposia

During the three day conference, five Independent Satellite Symposia will be presented. Each will be located in the Grand Ballroom according to the following schedule:

The Next Generation of Monoclonal Antibodies in CLL and NHL

September 25, 2008 at 5:00 pm

Sponsored by Physician's Education Resource; supported through an educational grant from GlaxoSmithKline.

5:00 pm	Welcome and Introduction	Richard R. Furman, MD
5:05 pm	New Directions with CD20 Monoclonal Antibodies in CLL	Michael Keating, MB, BS
5:20 pm	A Patient with Active Phase CLL	John C. Byrd, MD
5:30 pm	Evolution of Monoclonal Antibody Therapy for B-NHL	Richard R. Furman, MD
5:45 pm	Treatment of a patient with indolent NHL with a second generation CD20 monoclonal antibody and chemotherapy	Myron Czuczman, MD
5:55 pm	Panel Discussion/Questions and Answers	
6:00 pm	Program Adjourns	

Chemotherapy Advances in the Treatment of Chronic Lymphocytic Leukemia

September 26, 2008 at 7:00 am

Sponsored by Educational Concepts Group; supported through an educational grant from Cephalon.

7:00 am	Welcome and Introduction	Susan O'Brien, MD
7:05 am	Case Presentation 1 - Patient with Newly Diagnosed CLL	
7:10 am	Newly Diagnosed CLL: Treatment Choices... Today and Tomorrow	Michael Hallek, MD
7:25 am	Case Presentation 2 - Patient with Relapsed/Refractory CLL	
7:30 am	Management of Relapsed/Refractory CLL Today: Clinical Challenges and Opportunities	Susan O'Brien, MD
7:40 am	The Future of CLL Therapy: Agents... Combinations... Sequencing	John C. Byrd, MD
7:50 am	Panel Discussion/Questions and Answers	
8:00 am	Program Adjourns	

Independent Satellite Symposia are not sponsored by The University of Texas M. D. Anderson Cancer Center

Leukemia2008

Independent Satellite Symposia

The Shifting Paradigm: Immunomodulation in the Treatment of Hematologic Malignancies and Disorders

September 26, 2008 at 12:30 pm

Sponsored by Educational Concepts Group; supported through an educational grant from Celgene.

- | | | |
|----------|---|--|
| 12:30 pm | Welcome and Introduction | Hagop Kantarjian, MD
<i>Chairperson</i> |
| 12:35 pm | Improving Outcomes in the Treatment of Chronic Lymphocytic Leukemia | Alessandra Ferrajoli, MD |
| 12:50 pm | Understanding the role of Immunomodulation in Myelodysplastic Syndromes | Alan List, MD |
| 1:05 pm | Myeloproliferative Disorders: Updates, Advances, and New Options | Ayalew Tefferi, MD |
| 1:20 pm | Panel Discussion/Questions and Answers | |

Successfully Treating Every AML Patient

September 27, 2008 at 7:00 am

Sponsored by Educational Concepts Group; supported through an educational grant from Cyclacel.

- | | | |
|---------|--|--|
| 7:00 am | Welcome and Introduction | Emil J Freireich, MD
<i>Chairperson</i> |
| 7:05 am | Influence of New Prognostic Markers on Therapeutic Selection | TBD |
| 7:17 am | Lesson Learned in the Treatment of Good Risk/Intermediate Risk AML | Judith E. Karp, MD |
| 7:29 am | Lessons Learned in the Treatment of Poor Risk AML | Alan Burnett, MD |
| 7:41 am | New Leads in Developmental Therapeutics | Hagop Kantarjian, MD |
| 7:53 am | Conclusion/Question and Answers | |

Clinical Challenges in Acute Myelogenous Leukemia

September 27, 2008 at 12:30 pm

Sponsored by Educational Concepts Group; supported through an educational grant from Genzyme.

- | | | |
|----------|--|--|
| 12:30 pm | Welcome and Introduction | Hagop Kantarjian, MD
<i>Chairperson</i> |
| 12:35 pm | Improving Outcomes in Elderly Patients with Acute Myelogenous Leukemia | Richard M. Stone, MD |
| 12:50 pm | High-Risk Leukemia: Treatment Selection Based Upon Risk Stratification | Harry Erba, MD, PhD |
| 1:05 pm | Stem Cell Transplantation in AML: Who, When, and with What Regimen? | Jerald Radich, MD |

Conference Registration and Travel Information

Conference Registration

As the conference planning company, JWC Covenant is responsible for all details associated with the organization and execution of this meeting. Advance registration is encouraged as space and materials are limited. Any questions regarding the program or registration process should be directed to JWC Covenant at (281) 364-7387 or by email at support@leukemia2008.org.

To register, please visit our website at www.leukemia2008.org. We accept VISA, MasterCard, American Express and Discover cards. Or, you may complete the attached registration form and mail with your payment. Following payment, a confirmation will be e-mailed to you along with any updates and/or additional information.

On-site registration will be located outside the Grand Ballroom on the fourth floor of the Hilton Americas-Houston. Please check-in on arrival at the Conference Registration desk.

Refund/Cancellation Policy

All requests for registration refunds/cancellations must be made in writing prior to August 26, 2008, and sent to fmonk@jwccinc.com. A \$50.00 administrative fee will be charged. All requests for refunds/cancellations for the off-site excursions must also be made prior to August 26, 2008 to fmonk@jwccinc.com. A \$5.00 administrative fee will be charged for tour cancellations. No refunds will be given on any requests received after the deadline date. Substitutions will be accepted, with written notice sent to fmonk@jwccinc.com.

Travel & Transportation

The official travel agency for Leukemia 2008 is **Corporate Travel Planners (CTP)**. Registrants & Faculty may contact CTP for travel assistance at (800) 533-4384. Mention *Leukemia 2008* to connect with conference designated agents.

For travel arrangements to/from the airport, attendees may contact **Destination Houston** at (713) 227-8300. The Hilton Americas-Houston is located 30 minutes from Bush Intercontinental Airport and 15 minutes from Hobby Airport. For additional information regarding the airports and travel, please visit <http://www.fly2houston.com/>.

Hotel Information and Area Excursions

Hotel Accommodations

The Hilton Americas-Houston, connected to the George R. Brown Convention Center, is the largest convention hotel in Houston.

For your convenience, a block of rooms has been reserved for *Leukemia 2008* participants at our group rate of \$155.00 per night. Be sure to book before **September 3, 2008** in order to receive this rate. Please make your hotel reservations through the link on our website at www.leukemia2008.org, or contact the Hilton Americas-Houston directly and mention "*Leukemia 2008*" to receive the special rate. Should you wish to extend your stay in Houston a few days before or after the event, our group rate will still be honored, based on availability. It is highly recommended that our attendees book their rooms at the Hilton Americas-Houston as all conference activities and sessions will be held on site, providing you with the utmost convenience.

Please note, in order to confirm a room assignment, the hotel will require a first night's deposit, either by check or credit card. All credit cards will be charged immediately. It is also the hotel's policy to charge a \$50.00 early checkout fee, should you leave prior to your reserved checkout date. To avoid this fee, please notify the hotel at, or before check-in of any change in plans. Check-in time is 3:00 p.m. and check-out time is 12 Noon.

Hilton Americas-Houston

1600 Lamar; Houston, Texas 77010
(713) 739-8000

Reserve a room at the special rate through the "*Quick & Easy Hilton Reservation*" Link: www.hilton.com/en/hi/groups/personalized/HOUCVHH-1JW-20080920/index.jhtml

Concierge

Leukemia 2008 is pleased to provide a full-service concierge to you during your stay. The Concierge desk will be located by the conference registration counters within the Hilton Americas-Houston hotel. There, our knowledgeable staff will be eager to assist you with reservations, purchasing tickets to an event or just general information. To check out what's happening in Houston during *Leukemia 2008*, visit www.vishoustontexas.com/visitors/events.php. We look forward to assisting you and encourage you to explore Houston!

Concierge Availability

Thursday, September 25	7 am - 7 pm
Friday, September 26	7 am - 6 pm
Saturday, September 27	7 am - 5 pm

Houston Excursions

Discover the vibrant city of Houston during *Leukemia 2008*! We are pleased to offer you and/or your guest a myriad of exciting excursions during your visit. From a shopping experience like no other to Houston's world class museums and historic Galveston – you won't want to miss an opportunity to explore Houston in style with an experienced and knowledgeable tour guide. Lunch is provided on each tour and your comfort is of the highest priority.

A detailed listing of the tours can be found at www.leukemia2008.org. Register for one or more of these exciting excursions through our on-line registration system by **August 24, 2008**.
